Some Things Never Change

Inger Marie Gundersen

Some things never change
In the way we talk
Words don't come easy
Some things gonna change
In the way way we walk
You have come far to please me

You make me walk
Through the mountain town
You make me see far
Ain't good enough

Chorus:
Nothing's gonna change
In the way you move me around
Nothing's gonna change
In the way you smile
Nothing's gonna change
In the way you land out of time
And I'm only existing for you

(Solo Trumpet)

Nothing's gonna be, like it used to be
I have learned how to listen
Nothing's gonna close, so I cannot see
I have reached my decision

I'm going out
Where the sea is blue
I'm looking out
And I know it's you

(Chorus)

I sit and wait at the rainbow
I long to rest in your
I know my treasure has found
And I'm only existing for you
Knowing my wish has come true

You know I'm only existing for you
