Attack On Babylon

MC Ren

Is America like ancient Rome?
Is America like ancient Babylon?
Come on, come on, come on, come on, come on
I wanna hear from youI told ya, Ren'll be back with the niggaz in the Dodge
And the camouflage
But it after Taj, a million niggaz no mirage
Creepin' and we're creepin' in your little white Hutz
20 million niggaz chantin', "I don't give a fuck"It's on, the switch got flicked but who did it?
When that shit was committed, fuck that was my mack
Niggaz gettin' crazy 'cause Ren is in the front
With supreme wisdom, puffin' on a bluntTrain by my side, tearin' up shit
With his bulletproof vest, still yellin' double S
The whole community is up in a rage
'Cause niggaz be movin' closer
To white motherfuckers'll make 'em as slavesAnd then they put these sell out niggaz on the TV
To try to calm down niggaz like you and me
But fuck that shit, 'cause my eyes are closed
'Cause Ren ain't got time to be fuckin' 'round with them hoesSo I see ya at the grave where we bury 'em
Even motherfuckers that went out and even married 'em
Now it's time to attack take this motherfucker back
Bring it on and it's onAttack, attack, attack on Babylon

Attack, attack, attack on BabylonHere comes the doom, so listen to the tick of the tock
Can't keep niggaz off your block, don't forget we got the glock
And the sawed-off and the trey 8's
And the duce duce and the niggaz in the pen breakin' looseSo Ren will conduct this but I pull my dick and say, "Suck this"
For the niggaz that say fuck this
That ain't down and step foot into the car
To commit the 187 with the nigga they call outlawBut who gives a fuck? Who pulled the trigger?
'Cause I know some bitches that shot up a gang a niggaz
Gettin' off the reservations, breakin' up the docks
Doin' this with 15 shotsBabylon, a great look at the bitch while she fall
Dyin' like a motherfucker with no one to call
Now it's time to attack, take this motherfucker back

You bring it on and it be onAttack, attack, attack on Babylon
