Any Given Time

Outlandish

Mmm, any given time Hell be there
I dont really have to say no more
Mmm, any given time Hes right here
Embedded in my living soul, oh, for sureOh, any given time, I see
The beauty that has always been
In any given time, I swear by the Lord of the moon split in two
5 oclock in the morning, I be calling YouIm totally lost with out Your light
Im finding myself on the strive all the time
Not a single day goes byIm out to fight the devil but never fought myself
Read a thousand books but never read myself
My soul's starving it needs to be fed, Lord, I need your help
Hell with the devil, my biggest enemys myselfIt makes me wonder, am I doing this for the right reasons?
I mean the money, the fame and game, all sounds appealing
Instead of entertaining, I prefer to enlighten
But then again who am I to be in a positionTo represent a whole generation of kids and to make them believe
When till this day I still struggle to uphold my den?
I read a 100 "God is great" in less then a minute
And though my tongue is fast like Twista, my heart's not in itMmm, any given time Hell be there
I dont really have to say no more
Mmm, any given time Hes right here
Embedded in my living soul, oh, for sureOh, any given time, I see
The beauty that has always been
In any given timeBy the one in whose hands
My soul is there is no match
To think a spider couldnt weave
A curtain just like thatI wouldnt be here without Your light
Im finding myself on the strive all the time
Not a single day goes byS que tengo fervor, devocin para dar mi granito de arena
Y mi aspiracin mantenerla serena
Yo tengo buen criterio aunque a veces esta difuso
Yo tengo mi firmeza de la cual a veces abusoYo trato de ser justo, me sobra lealtad
Coraje valenta, me falta sobriedad
Diferentes situacines, diferentes actitudes
Afectan mi progreso y todas mis virtudesMmm, any given time Hell be there
I dont really have to say no more
Mmm, any given time Hes right here
Embedded in my living soul, oh, for sureOh, any given time
I see the beauty that has always been
In any given timeMercy without boasting

Gifts without terms
Goodness without anger
Forgive without reasonAny given time
I do my best to strive
In Your name I rise
The apple of my eyeEven when Im not alone
You are closer
Than the veins in my neck
Even when Im all aloneEven when Im in sleep
You are closer
Than the veins in my neck
Even when Im in it so deepEven when Im all gone
You are closer
Than the veins in my neck
Even as Im singin this songEven when Im on a high
You are closer
Than the veins in my neck
Even when I try to touch the skyMmm, any given time Hell be there
I dont really have to say no more
Mmm, any given time Hes right here
Embedded in my living soul, oh, for sureOh, any given time, I see
The beauty that has always been
In any given time
