Silly Love

Pugwash

Something's pulling me down on my knees
What could it be? What could it be?
Something I can't explain but feel
What do I feel? What do I feel?
Someone's causing the pain in me
Who could it be? Who could it be?
Someone's turning my mind insane
What is their game? what is their game?
Silly love, silly love
Won't you come in
So you can run down from my eyes
Fall upon the ground
And sew all the seeds around
Life is never the same again
After the game's been played
But we will never give out or in
Such a shame, such a shame
Silly love, silly love
Won't you come in
So you can run down from my eyes
Fall upon the ground
And sew all the seeds around
