

# Silly Love

## Pugwash

Something's pulling me down on my knees  
What could it be? What could it be?  
Something I can't explain but feel  
What do I feel? What do I feel?  
Someone's causing the pain in me  
Who could it be? Who could it be?  
Someone's turning my mind insane  
What is their game? what is their game?  
Silly love, silly love  
Won't you come in  
So you can run down from my eyes  
Fall upon the ground  
And sew all the seeds around  
Life is never the same again  
After the game's been played  
But we will never give out or in  
Such a shame, such a shame  
Silly love, silly love  
Won't you come in  
So you can run down from my eyes  
Fall upon the ground  
And sew all the seeds around
