

Goodbye to the Circus

Aqua

It's time now to turn off the light
This has been such a beautiful night
We have served you a lot of delights
And some really wonderful sightsMy friend, this is the end
So long and see you soon again
Bye bye, kissing you hi
Someday we will be back togetherGoodbye to the circus
We hope you enjoyed the show
Now it's nearly at the end
But it will be back, you know
It will be back, you know
It will be back, you knowYou have given us all of the best
You are beating inside our chest
Stayin' with us as time has gone by
Gave us hope when the tide was highMy friend, this is the end
So long and see you soon again
Bye bye, kissing you hi
Someday we will be back togetherGoodbye to the circus
We hope you enjoyed the show
Now it's nearly at the end
But it will be back, you knowThe band played on, from dusk till dawn
And time is almost gone
The beat goes on, it's almost done
This music marathonIt will be back, you know
It will be back, you knowSo, goodbye to the circus
We hope you enjoyed the show
Now it's nearly at the end
But it will be back, you knowSo, goodbye to the circus
We hope you enjoyed the show
Now it's nearly at the end
But it will be back, you know
We will be back, you know
We will be back, you know
