

I Couldn't Dream

[John Michael Montgomery](#)

When we're this close I can almost hear your heart beat
As you softly breathe lyin' here with me
Your skin's like a canvas being painted by the moonbeams
Truly a masterpiece, to you it comes naturally I couldn't dream a love better than this
Could never imagine such a kiss
Or the way your body feels in my arms Old Mister Sandman, I'll resist
'Cause if I were to sleep look at all I'd miss
I couldn't dream a love better than this It's getting late but I don't want to close my eyes
I don't care about the time or the world outside
We're movin' to the music playin' in our minds
The mood's just right for staying up all night I couldn't dream a love better than this
Could never imagine such a kiss
Or the way your body feels in my arms Old Mister Sandman, I'll resist
'Cause if I were to sleep look at all I'd miss
I couldn't dream a love better than this I've had my fantasies
None compare to reality I couldn't dream a love better than this
Could never imagine such a kiss
Or the way your body feels in my arms Old Mister Sandman, I'll resist
'Cause if I were to sleep look at all I'd miss
I couldn't dream, I couldn't dream a love better than this I can't get no sleep
I couldn't dream a love better than this
