

In Your Eyes

Dan Hill

And I think I finally know you
I can see beyond your smile
I think that I can show you
That what we have is still worthwhile
Don't you know that love is like a thread
That keeps unraveling in bed
It ties us back together in the end
In your eyes, I can see my dreams reflections
In your eyes, I found the answers to my questions
In your eyes, I can see the reason why our love's alive
In your eyes, we're drifting safely back to shore
And I think I've finally learned to love you more
And you warned me that life changes
And that know one really knows
Whether time will make us strangers
Or whether time will make us grow
Ohh, even though the winds of time will change
In a world where nothing stays the same
Through it all, our love will still remain
In your eyes, I can see my dreams reflections
In your eyes, I found the answers to my questions
In your eyes, I can see the reason why our love's alive
In your eyes, we're drifting safely back to shore
And I think I've finally learned to love you more
In your eyes, I can see the reason why our love's alive
In your eyes, you and I
We're drifting safely back to shore
And I think I've finally learned to love you more
