

Watching You (Olli Collins + Fred Portelli Remix)

Rogue Traders

Take me downtown
It's where the people rock
Three hundred sixty-five ?
'Cause we never stopTake me downtown
'Cause people's runnin' wild
See how we kick it
In a brand new styleTake me downtown
It's where I wanna go
Everyone I know
Is going to my showTake me downtown
Where the city hums
Then get your head numb
To the beat of the drums, 'cause[Chorus]
I see you watching me watching you
And now you see just where you gotta be
I see you watching me watching you
And now you see just where you gotta beTake me downtown
'Cause baby wants to rock
I need a little edge
With my electro (?) popTake me downtown
So everybody sees
I know my moves
Like by A-B-C'sTake me downtown
It's time we made it right
This show ain't going nowhere
We'll just party all nightTake me downtown
Where the city hums
Then get your head numb
To the beat of the drums[Chorus]Baby rock, never stop
Round and round the clockLover's rock, give it up
Never, never stopBaby rock, get on top
Take it, take it allI'm not the kind of girl
Who's scared of you at all, 'causeI see you watching me watching you
I see you watching me watching ? Rock![Chorus]
