

# Different Worlds

Chiara

Let the time flow, let the love grow  
Let the rain shower, let the rose flower  
Love it seeks, love it finds  
Love it conquers, love it binds We come to each other from different worlds  
Drawn to each other by the love inside of us  
We give to each other our different worlds  
As long as we can do it, life is gonna breeze right through it We reach for each other from different worlds  
With love for each other that will stand the test of time  
We're up to the challenge of different worlds  
With this love inside us, there is none that can divide us Love it seeks and love it finds, love it seeks  
Love it finds, love it conquers, love it binds, ah ah  
Love it seeks, love it finds, love it conquers, love it binds
