

Methods of chaos

Rabia Sorda

Madness my friend
Play my next note
It seems youve waited for long
To carry on
Madness old pal
Keep the shadows from me
And taste the chaos in my mind
Come take me Sometimes it seems
The world comes to an end
Sometimes pain goes away
But not today Today it all broke into pieces... Applauses fade away
Stupid smiles
Good night I have to go
Lights turn off right behind me Methods of Chaos
Youre all unknown
Hiding in the corners of life
Inside me Methods of Chaos you make feel all this is only
A waste, Ill live as long as these fingers move
So I dont get fucking insane Methods of Chaos you drove me to this place and left me
All by myself, a forever waits at the end
And a never hunts me, embraces me
