

Big Top Women

Hank Williams, Jr.

A is for apricot, B is for blossom

C is for cantelope, D is for dog-gone awesome

E is extremely blessed and endowed, F is for fabulous

That's what this song's all aboutBig top women sure do bounce around

I love to see them walkin' up and down

The steps of the courthouse make you go downtownI had to get some new tags, my plates had done run out

I had to get some new tags, my plates had done run out

And the tax assessor certainly left no doubtThat the big top women sure do bounce around

I love to see them walkin' up and down

Ba-ba-boom ba-ba-boom ba-ba-boom

Make you go down townI met this meter maid, Nadine

She didn't carry no gun around

But she was packin' some 38's

Big tittie man get right down on the groundNow the big top women sure do bounce around

I love to see them walkin' up and down

Steps of the courthouse

Make you wanna get a ticket and go downtownI went downtown after work

This joint called the hot house

They had some big top women there

And whoo, they then came outI said girl you sure look fine with your uniform gone

She had hundred dollar bills stuck in her thong

Yeah, big top women sure got it goin' on
