Muhammad

Young Dolph

Car smell just like weed
Bad bitch riding with me
Baby look just like a treat
Coupe 900 HP
All of these rocks HD
Float like a butterfly, like Ali
Whoa, yeah sting his ass like a bee
Muhammad, trap nigga role model Meech
I want it all I play for keeps
I got all this shit out the streets
She suck that thang till it skeet
Left cheek, right cheek, left cheek
I got a hunnid with me
That money ain't nothing to me
All this drip from Italy
Drop top on Miami Beach
Bad bitch, hair done, nails done

Smoking Kush in Singapore
My favorite spot, the jewelry store
I had to go get me some more
Lil' nigga street to the core
P's in that Honda Accord
Fucking her on the resort
Who is that at the front door?
Oh, they just dropped some more
Ha!Straight out the jungle The Planet of the Apes
Gotta watch out for the snakes
Million in cash, can beat any case
Boy don't get your ass erased
Racks in the wallet, ain't shit in that safe
I gave a million to Trey
6 car garage and I ran outta space
Same nigga, more cakeCar smell just like weed
