

# When It All Comes Down

## The Showdown

I knew  
She knew  
We both knew that someday all of this would end  
I tried to help  
But all I seem to do is hurt  
Not only her but myself  
And someday  
I'll be on the road again  
And someday  
I'll meet you at the top my friend  
Don't cry, don't cry  
Although I know it's hard to comprehend, oh  
Don't cry, don't cry  
I'll hold your hand if you hold mine  
When it all comes down, oh  
Don't close your eyes  
I'll hold your hand if you'll hold mind  
When it all comes down  
And take a big deep breath  
It feels so empty  
Without my hand intertwined with yours  
I don't know where to go  
Cause I'm all alone  
Ain't got nobody by my side  
You hear me, no one  
  
And someday  
I'll be on the road again  
And someday  
I'll meet you at the top my friend  
Don't cry, don't cry  
Although I know it's hard to comprehend  
Don't cry, don't cry  
I'll hold your hand if you hold mine  
When it all comes down, oh  
Don't close your eyes  
I'll hold your hand if you'll hold mine  
Yeah when it all comes down  
And take a big deep breath

Na na na na na na (when it all comes down I'll be there, there is nothing for you to fear)  
Na na na na na na (when it all comes down you'll know you'll never have to stand alone)  
I know you're feeling afraid girl  
I know you're feeling alone  
But when you feel you can't make it on your own, yeah yeah  
I'll hold your hand if you'll hold mine  
When it all comes down don't close your eyes  
I'll hold your hand if you hold mine yeah when it all comes down and take big  
Deep breath  
Whoa oh yeah oh oh  
Yeah, yeah, yeah, yeah, yeah, ohhh oooh ooh
