Virgin Blood Spiller

Barathrum

red is the colour of virgin blood so pure
for this mind's fire there's only one sure cure
thirst for maid's liquid of life
can be stopped by following act
take your sharpest dagger or knife
open her veins to drink her blood
take your sharpest dagger or knife
open her veins to drink her bloodto help your thirst;
virgin will be slain
spill her blood
make her sufferslay, stab, impale and kill
execute your deepest will
slay, stab, impale and kill
kill, kill, kill, killvirgin blood spiller
the most evil sinner
virgin blood spiller
slayer by my own natureslay, stab, impale and kill
execute your deepest will
slay, stab, impale and kill
kill, kill, kill, killritualistic slaughter
cutting her veins, making to bleed
slaying an innocent daughter
kill her to drink before it's too lateslay, stab, impale and kill
execute your deepest will
slay, stab, impale and kill
kill, kill, kill, killvirgin blood spiller
the most evil sinner
virgin blood spiller
slayer by my own natureslay, stab, impale and kill
execute your deepest will
slay, stab, impale and kill
kill, kill, kill, kill, kill!
