What You Know

C.Y., S.O.M. & Tre9

You two need to grow up
you got a good thing
but you won't see it because you think
you're missing out on your youth
you know it is the truth
turn around one day and see it wasted
the best thing you could've had
And you are just kidding yourself
we all know, it so shows
you think you know
what you know and what
at you i don't think so
Well i might be wrong but looking
i can see the anger
i used to watch you two
fear and jealousy in your face it's so clear
you had a passion
but now i watch you two
and wonder what it is you fear
And you are just kidding yourself
And you are just kidding yourself
what you know and what
we all know, it so shows
you think you know

we all know, it so shows
what you know and what
you think you know
Don't just waste it
don't replace it
it's not a waste of time
so don't, don't you waste it
nothing can is what you might find
but you won't see it because you think
You two need to catch on
you got a god thing
you're missing out on the truth
And you are just kidding yourself
we all know, it so shows

what you know and what
you think you know
And you are just kidding yourself
we all know, it so shows
you think you know
what you know and what
Don't just waste it
it's not a waste of time
don't replace it
what you might findnothing can is what you might find
