Warpaint

MAKUTA

Verse

Everyday

I felt like as a loser on a losing streak

And the second best of none

Oh my

Anywhere

I went, you came

And I had nothing left that could ever tame

My mind

Oh my

Pre-Chorus

Don't you tell me what I can and can not do!

Chorus

Got on my warpaint

I'm on the loose

The hunter is the hunted

In a game that I choose

There is no cover

I can't see

I am the victor of the victim inside of me

Get on your warpaint!

Verse

Talk to me

And tell me

That youâ€™re gonna give it up

â€˜Cause Iâ€™m not backing down

Oh my

Iâ€™m a renegade

And fully armed

Unpredictable

Like a wild card

This punching bag is

Punching back

Oh my

Pre-Chorus
Don't you tell me what I can and can not do!

Chorus
Got on my warpaint

I'm on the loose

The hunter is the hunted

In a game that I choose

There is no cover

I can't see

I am the victor of the victim inside of me

Get on your warpaint!

Bridge

Wonâ€™t you look at me, look at me, look at me now

Wonâ€™t you look at me, look at me, look at me now

Wonâ€™t you look at me, look at me, look at me nowâ€¦

Itâ€™s too late for running

It wonâ€™t do a thing

Guitar solo

Chorus
Got on my warpaint

I'm on the loose

The hunter is the hunted

In a game that I choose

There is no cover

I can't see

I am the victor of the victim inside of me

Get on your warpaint!
