

# Autonomy

## The Offspring

It's a thing that's worth having  
Yes, I would  
Buys you your life sir  
If it could I, I want you  
Autonomy It leaves us all wondering  
And it should  
This awkward something  
For the good I, I want you  
Autonomy I, I want you  
Autonomy It leaves us all wondering  
And it should  
This awkward something  
For the good I, I want you  
Autonomy Yes, I, I want you  
Autonomy
