

Have You Seen Her

Advisory - the following lyrics contain explicit language:

Well, well, well, well, well
Hmm, whoa
Check it out
Sitting at the light she pulled up on my right
Looking in the mirror making sure her shit was tight
I know she felt me watching but was scared to look my way
I know she wants to look, but I think I got her shook
Under pressure, don't know what to do
She's got two cuties with her and I got my peoples too
She put it in one, stepped on the gun, and made a you
Looked inside, gave me a smile, then she blew, what am I gonna do
Tell me, which way did she go
Pretty young thing in a GS4
Love was so bangin' had me open from the door
Tell me, have you seen her? She had a smile that I couldn't forget
Shinning brighter than the floss piece around her neck
The girl was so fine I just gotta make her mine
Tell me, have you seen her? Have you seen her? It's been a while now, and I'm steady on the case
Everyday I'm looking for her face
It's like a dream to me, and I gotta make it real
Gotta let her know just how I feel
Now there she goes again, driving by
I hit my horn she throws her beams on high
I put my joy in it, and I tried to give chase
She disappears again without a trace
Tell me, have you seen her? Tell me, which way did she go
Pretty young thing in a GS4
Love was so bangin' had me open from the door
Tell me, have you seen her? She had a smile that I couldn't forget
Shinning brighter than the floss piece around her neck
The girl was so fine, I just gotta make her mine
Tell me, have you seen her? Have you seen her? I've gotta find her
Where did you go, babe?
Hmm, listen
Girl you seem to think you got away from me
You got me looking for you in all these busy streets
I must admit, I got a thang for you

It's just a little test of all the things I'll do for you
Tell me, which way did she go
Pretty young thing in a GS4
Love was so bangin' had me open from the door
Tell me, have you seen her? She had a smile that I couldn't forget
Shinning brighter than the floss piece around her neck
The girl was so fine, I just gotta make her mine
Tell me, have you seen her? Have you seen her? Tell me, which way did she go
Pretty young thing in a GS4
Love was so bangin' had me open from the door
Tell me, have you seen her?
