

# No Association

## Silverchair

You've never wanted  
To know me before  
Little or no association  
Leave me alone, I wanna live  
Stop suckin' the blood  
Right out of me Couldn't care less  
If I died right now  
Who am I?  
I don't know, you tell me  
You seem to know  
Everything else Need a pathway need a guide  
Contemplatin' suicide  
Wish I could be like you  
You say you care but do you?  
But do you?  
Do you? What if I  
I can't move around?  
(Around)  
What if I  
I can't move around?  
(Around, around)
