

2 Young

T.O.L.D.

Take me off the road.
I'm not safe,
I've got no control.
I saw rebel when I was too young
I've swamped the devil down to my lungs
I think i've been drowning too long
I regret nothing I was too young
I was too young
I was too young
Now I leads(?) in my head for the end
If my future should return,
let me inI saw rebel when I was too young
I've swamped the devil down to my lungs
I think i've been drowning too long
I regret nothing I was too young(dancing the [?])
(chasing the shadow)
(Is my [?])
I was too young
I was too young
I was too young
(i can't see a way out)
I was too young
(the devil has taken me now)
