You got It (Keep it out of my Face)
by Mudhoney
Well---
They say you've got it
I see you got it
That's right, you got it
You got it good
You got it
Oh hell you got it
You can have it
You got it!(great sounding interlude)You're givin' away life
Free samples
But I don't want what anyone can have
You got it
Damn right you got it
So what
Keep it out of my face
Keep it out of my face
Keep it out of my face
Keep it out of my face, yeah(another great interlude)
