

Half Drawn Bridge

Armored Saint

Yes you should have seen her face
Straight out of Peyton Place
Pseudo movie star
Total disgrace
Beggin' on her hands and knees
Won't you just love me please
I've got my life to lead
Lead yours as well Beautiful home
White picket fence
Fairytale
The pain starts When the Quaalude ends Learn to pacify
Then you justify
Never satisfied
The truth always hurts Well I woke up in heavy sweat
The sheets stretched I was soaking wet
A light bulb in my sleep
Went off in my head Two places at one time
Can't be done by mankind
I hate to say I'm feeling confined From the top of the world to a sunken ship
No in between
Karma sure can be a frazzled trip Learn to testify
Can't be rectified
Ain't no lullaby
The truth always hurts Learn to pacify
Learn to qualify A
Always mortified
The truth always hurts
Bet your ass One day you're king of the world
Indestructible T
hen you're knocked off your pedestal Just been crucified
Harmed and horrified
Ain't no alibi
The truth always hurts Time to occupy
Simply no deny
Better say goodbye
The truth always hurts Learn to pacify
They you justify
Never satisfied
The truth always hurts The story goes on and on and on

Somebody else will be a victim

The ends is here

It's a fact of life

The truth always hurts
