Daydreamin'

Boomkat

Crazy how time flies by so fast
We must all remember to enjoy the ride
For it's too late once you crash
Life's gone in a flashLooking back through the years
Photographs and scrap books held dear
Roller skates, sleeping bags
First bike, 12 stitches to match
I pick myself back up againDaydreamin's the way to visit the past
Those spaces and times
That we'd all hope would forever last
Don't lose who you are
'Cause that's who you areLazy days, summer nights, I crave
Just to be alone again
In my head, where it's safe to play
No bills to be paidI remember braces, ice-cream night
Amazing how much we used to fight
Road trips, backseat plays, being a kid
Yeah, those were the days
But life goes on and I'm on my wayDaydreamin's the way to visit the past
Those spaces and times
That we'd all hope would forever last
Don't lose who you are
'Cause that's who you areDon't lose who you are
Don't lose who you are
Don't lose who you are'Cause that's who you are, my friend
And that's how it is
Just remember who you are, my friend
And that's how it is
