

I Learned the Hard Way

Sharon Jones and the Dap-Kings

Something told me inside
That your love was untrue
Something told me inside
Something told me inside You said, "Girl, it's alright
I would never hurt you"
You said, "Girl, it's alright"
He said, "Girl, it's alright" Just to be by your side
I would've walked through the flames
Just to be by your side
Just to be by your side Now it hurts me inside
Just to hear your name
Just to hear your name I learned the hard way
That your love is cruel
I learned the hard way, baby
Not to be your fool I learned the hard way
I learned the hard way about you
Now I know about you
Now I know about you When I open my eyes
It was all around me
When I open my eyes
When I open my eyes Clouds of perfume and lies
And a hotel key
Clouds of perfume and lies
Clouds of perfume and lies And when I answered your phone
I heard a gasp and a click
When I answered your phone
When I answered your phone Ooh, was that wrong number, wrong
Or was she after your love Just to be by your side
I would walk through the flames
Now it hurts me inside
Just to hear your name I learned the hard way
That your love is cruel
I learned the hard way, baby
Not to be your fool I learned the hard way
I learned the hard way about you
Now I know about you
Now I know about you Now I know about you
Now I know about you
Now I know about you

Now I know about you Just to be by your side
I would walk through the flames
Now it hurts me inside
Just to hear your name I learned the hard way
That your love is cruel
I learned the hard way, baby
Not to be your fool I learned the hard way
I learned the hard way, baby, about you Now I know about you
(Now I know about you)
I know about you
(Now I know about you) Now I know about you
(Now I know about you)
Now I know about you
(Now I know about you) Now I know about you
(Now I know about you)
I won't be your fool
(Now I know about you) Listen, I know about you
(Now I know about you)
Your love
(Now I know about you) I wanna go home
(Now I know about you)
I know about you
(Now I know about you)
I said, "I wanna go home"
