

Get Up On My Level

Kevin Gates

Get up on my level
Get up on my level
Get up on my level
Get up on my level
Get up on my level
Get up on my level
Get up on my level
Get up on my level
Get up on my level
Tongue kissing, I'm fight in public
Can't see you niggas
No feelings, ain't no bitch I'm trusting
Can't see you niggas
Faces that she make, disgusting
Can't see you niggas
Throwing dick inside her stomach
Can't see you niggas
Call her 'cause I've been hurt before
Can't see you niggas
Love don't live here anymore
Can't see you niggas
Racks spent on designer frames
Can't see you niggas
Rocking shades to hide the pain
I can't see you niggas
Money ain't shit
Got it all day, get it all day
Hoes y'all chase, wanna fuck me
The things you niggas brag about, ain't shit to me
I feel it's only right to say
You niggas need to get up on my level
Get up on my level
Get up on my level
Get up on my level
Get up on my level
Get up on my level
Get up on my level
You niggas need to get up on my level
Get up on my level
Get up on my level
Get up on my level
Get up on my level
Get up on my level

Get up on my level
Get up on my level Ain't squealed when the polices took me
Can't see you niggas
'Fraid to death in Central Booking
Can't see you niggas
Lick was for my team, I took it
Can't see you niggas
Not thinking they would play me pussy
I can't see you niggas
Talked about when I'm not looking
Like Stevie Wonder
Play with keys while making music
Like Stevie Wonder
Smiling bright throughout my struggle
Like Stevie Wonder
Rich as shit, but can't see nothing
Just like Stevie Wonder Money ain't shit
Got it all day, get it all day
Hoes y'all chase, wanna fuck me
The things you niggas brag about, ain't shit to me
I feel it's only right to say You niggas need to get up on my level
Get up on my level
Get up on my level
Get up on my level
Get up on my level
Get up on my level
Get up on my level
You niggas need to get up on my level
Get up on my level
Get up on my level
Get up on my level
Get up on my level
Get up on my level
Get up on my level
Get up on my level
Get up on my level
Going hard for 'em in the paint
Never had a real family
That nigga I call daddy
I never had a real daddy
They was already making music, I just added rap talent
Came out of prison, pursuing my dream
Now everybody mad at me
I ain't never tried to diss y'all
All I ever did was tell the truth
Pray every one of y'all artists make it
Don't or do, I still salute

Got real niggas from New Orleans
All they do is clip corners
Made men don't make statements
You bigger than that, that's phony
Want every nigga that rap, from Louisiana to make it
Medication then meditation, it elevating the greatness
I'm not bothered by your dissin'
You was in your feelings
Gave you niggas my all and you mistreat your nigga
Now I can't see you niggas
Get up on my level
Get up on my level
Love don't live here anymore
I can't see you niggas
Get up on my level
Get up on my level
Love don't live here anymore
Now I can't see you niggas
Can't see you niggas
I can't see you niggas
Karma comes right back around
And you'll get what you did to me
Oh I can't see you niggas
And love don't live here anymore
I can't see you niggas
Karma comes right back around
And you'll get what you did to me
You'll get what you did to me
Karma comes right back around
And you'll get what you did to me
