Shameless

Bryan Ferry

I can read your lips

I can read your mind

It's all I want to hear

Why am I so blind? And the way we were

Fatefully entwined

In a shameless world

Rock 'n' roll desire

Rock 'n' roll desire

Rock 'n' roll desireAll the things you are

In a single word

Famously inspired

Privately absurdAnd the way we were

Fatefully entwined

In a shameless world

Rock 'n' roll desire

Rock 'n' roll desire

Rock 'n' roll desireRock 'n' roll desire

Rock 'n' roll desireAnd the days go by

Morning, noon and night

Permanently wired

To a simple lifeAnd the way we were

Fatefully entwined

In a shameless world

Rock 'n' roll desire

(Rock 'n' roll desire)

Rock 'n' roll desire

(Rock 'n' roll desire)Rock 'n' roll desire

(Rock 'n' roll desire)

Rock 'n' roll desire

(Rock 'n' roll desire)

Rock 'n' roll desire
