Glitchteeth

Combichrist

I got a moment
Unwanted tension
We won't wake until we are far gone
Depraved of life source
Depraved of such force
To kill a from of life to be had
I'm done fighting you
I'm done fighting the truth
No more pretending there is more to be said
I'm done hating you
I'm done with loving you too
I's left behind with irrational thoughts
I got a feeling, your lies have a meaning to you
And you're fighting it too
We gotta leave this, done with the fighting,
I have no hope for you
We want the same things
Just not the same things
You want what's yours and all that is mine
We're all just animals
We want the same things
We want the things we never can have
I'm done fighting me
I'm done fighting myself
No more pretending there is more to be have
I'm done hating me
I'm done with hating you too
It's old news, left behind with my needs
I got a feeling, your lies have a meaning to you
And you're fighting it too
We gotta leave this, done with the fighting,
I have no hope for you
I said. All night
You will. Alright
We fight. For love
You go too slow
(too slow)
I got a feeling, your lies have a meaning to you
And you're fighting it too

We gotta leave this, done with the fighting,
I have no hope for you
