Marvellous & Mine

Lisa Stansfield

The way you touch, you got a touch like gold

When we kiss and you hold me in that hold

We're full of fire, fire, fire, fire, fire

You're so good, you make me cry, fill me upYou fill me up like wine

I need to please you and hold you in my arms

And feel the fire, fire, fire, fireOoh, when you're by my side

I feel my heart is open wide and brand new

Ooh, ooh, oohEverything's gonna be alright

'Cos we have so much sun inside

So baby, it's no wonder

That there ain't any other for me like youYou are marvellous & mine You're so much more than time

Baby, you fill me up so

You're marvellous & minePull me in with the treasure in those eyes

With you there's no such thing as time

There's just fire, fire, fire, fire

When we kiss all that I do is sighWe embrace, and I feel like I could die I want to hold you forever in my arms

And feel the fire, fire, fire, fireOoh, when you're by my side
I feel my heart is open wide and brand new
Ooh, ooh, oohEverything's gonna be alright
Can we have so much sun inside?

an we have so much sun misic

So baby, it's no wonder

There ain't any other for me like youYou are marvellous & mine
You're so much more than time
Baby, you fill me up so
You're marvellous & mine
