

Circle Of Blue

The Archies

Verse 1:

I love you and you love him and he loves somebody else

The three of us, so much in love

And yet, we're all on the shelf

'Round and 'round the wheel keeps turnin'

While our hearts are always yearnin'

For a dream that never will come trueChorus:

A circle of blue, blue, blue

A circle of blue, blue, blue-hooVerse 2:

I wish somehow that there could be a way to work it all out

If one of us could realize just how to turn it about

'Round and 'round we keep on spinnin'

Love just can't find it's beginnin'

Lost inside a maze we can't get through(repeat chorus)

Refrain: A circle of blue that's filled with only sorrow

A cirlce of blue with no hope for tomorrowba da da, ba da da

ba da da da ooh

(repeat)Verse 3: 'Round and 'round the wheel keeps turnin'

While our hearts are always yearnin'

For the dreams that never will come true

(repeat chorus through fade-out)
