# Fire Burns Below

## Judas Priest

Stand and face each other
Don't know what to say
But that look in your eyes
Gives it all awayYou say you've got these feelings
You can't put into words
But you don't have to say a thing
'Cause I've already heardGive me one good reason
Why this has to be
That's all I'm asking forDon't say that it's over
When you and I both know
You can't put out this love
The fire burns belowWe've been through so much together
We've laughed and we've sometimes cried
To say our love ain't working, well we
Haven't really triedBut why let's talk things over
Love can't be bought and sold
One more night together's what the future holds
What the future holdsWell, give me one good reason
Why this has to be
I said that's all I'm asking for
Can't you see I saidYou can't put out the fire down below
