Sycophant

Lisa Germano

Okay, sycophant, political
What do you want me to do now?
Yes, man who do you want me
To be for? OkayYou don't trust me, I don't like you
Sycophant, typical, beautiful
Yes man, what do you want
Me to say now? BeautifulWho do you like?
I like them too, I like them too
All us liars stick togetherSycophant, typical
Beautiful, no one
I don't trust you, political
But I don't have to, politicalBut I need you, sycophant
And I want to, sycophant
Okay, sycophant, beautiful
Political, typical, sycophantAll us liars stick together
All us liars stick together
All us liars stick togetherAll us liars stick together
All us liars stick together
All us liars stick togetherSycophant
All us liars stick together
