

# Buy Me Diamonds

Bea Miller

You made me feel so unwanted  
Made the decision to leave you behind  
You say you've changed  
And you're sorry  
But I don't wanna know So give me something I can hold  
That I can trust and call my own  
And won't run out and leave me cold  
Give me something that won't tell me lies  
Won't leave me hanging out to dry  
Won't fuck me over, make me cry  
Save your love and buy me diamonds  
Save your love and buy me diamonds  
Give me something I can hold  
That I can trust and call my own  
And won't run out and leave me cold  
Save your love and buy me diamonds You know that you can't live without me  
Got caught in the game  
That you play with my mind  
Keep saying you've changed  
And you're sorry  
But I don't wanna know So give me something I can hold  
That I can trust and call my own  
And won't run out and leave me cold  
Give me something that won't tell me lies  
Won't leave me hanging out to dry  
Won't fuck me over make me cry  
Save your love and buy me diamonds  
Save your love and buy me diamonds  
Give me something I can hold  
That I can trust and call my own  
And won't run out and leave me cold  
Save your love and buy me diamonds You tried to take my life  
Took me so long to find it  
I'm moving on tonight  
Moving on with my life  
You tried to take my life  
Took me so long to find it  
I'm moving on tonight  
Save your love and buy me diamonds

Save your love and buy me diamonds Give me something I can hold  
That I can trust and call my own  
And won't run out and leave me cold  
Save your love and buy me diamonds You tried to take my life  
Took me so long to find it  
I'm moving on tonight  
Moving on with my life  
(Save your love and buy me diamonds) You tried to take my life  
(Woah)  
Took me so long to find it  
I'm moving on tonight  
Moving on with my life  
Save your love and buy me diamonds
