

# When I Find You

## Far-Flung Tin Can

Hee! Hee!  
Oh! Join together yee!  
Hee! Hee!

I've heard you beckon me  
come talk with me  
Talk with me  
And my heart responded  
I am coming

I've heard you beckon me  
come talk with me  
Talk with me  
And my heart responded  
I am coming  
Hee! Hee!

When I find you  
You will be mine  
You will be  
Forever on my mind  
When I find you  
You will be mine  
You will be  
You will be mine  
Hee! Hee!

You will be mine

I've heard you beckon me  
come talk with me  
Talk with me  
And my heart responded  
I am coming

I've heard you beckon me  
come talk with me  
Talk with me  
And my heart responded

I am coming

When I find you  
You will be mine  
    You will be  
Forever on my mind  
When I find you  
You will be mine  
    You will be  
You will be mine

When I find you  
You will be mine  
    You will be  
Forever on my mind  
When I find you  
You will be mine  
    You will be  
You will be mine

Oh Yes you are the price I'm running to  
    Running till I see your eyes  
Oh Yes you are the price I'm running to  
    Running till I see your eyes

Oh Yes you are the price I'm running to  
    Running till I see your eyes  
Oh Yes you are the price I'm running to  
    Running till I see your eyes

Oh Yes you are the price I'm running to  
    Running till I see your eyes  
Oh Yes you are the price I'm running to  
    Running till I see your eyes

When I find you  
You will be mine  
    You will be  
Forever on my mind  
When I find you  
You will be mine  
    You will be  
You will be mine  
    Hee! Hee!

Put your hands and demonstrate,

Everybody say OOH!ooh ooh  
ooh ooh,ooh ooh  
ooh ooh ooh ooh  
Hee! Hee!
