

# Never Want to Say It's Love

Dido

I could put it down to being tired  
Or coming home to an empty house  
A passing moment, a little mad  
No one around to stop me writing to you I never wanna say it's love  
But it's really what I'm thinking of I could apologize and say tear it up  
And put it down to the pills I've taken  
Seeing my friends with their lives moved on  
While I've been gently drifting I never wanna say it's love  
But it's really what I'm thinking of I felt the same today as I was feeling yesterday  
It'll be the same tomorrow from then on it won't change  
I never wanna say it's love  
But it's really what I'm thinking of My home is home and I'm settled now  
I've made it through the restless phase  
I have no reason to get bored anymore  
My friends are 'round and your name comes up Asking if I ever heard from you  
I'm keeping it quiet about those words to you  
But I meant every word that I said  
I stand by every word that I said I never wanna say it's love  
But it's really what I'm thinking of I felt the same today as I was feeling yesterday  
It'll be the same tomorrow from then on it won't change  
I never wanna say it's love  
But it's really what I'm thinking of I felt the same today as I was feeling yesterday  
It'll be the same tomorrow from then on it won't change  
I never wanna say it's love  
But it's really what I'm thinking of I never wanna say it's love  
But it's really what I'm thinking of  
I never wanna say it's love  
But it's really what I'm thinking of
