Don't Rain On My Parade

[Ksm](#)

It's summer time, all of the time
That's just my point of view
Yeah, some try to mess with my mind
I got no problems, already solved them
Oh, don't bring me down
'Cause it's all good, don't like the stormy weather
Oh, don't bring me down
I'm not gonna go there
Don't rain on my parade, don't break my holiday
I won't let the clouds get in my way, no
Just wanna have some fun, I'm not the only one
Everything is going so good today, don't rain on my parade
If people stare at the blond in my hair
Won't let it bother me, oh
Say what you like, I don't really care
I'm doing just fine, me and my sunshine
Oh, don't bring me down
'Cause it's all good, don't like the stormy weather
Oh, don't bring me down
I'm not gonna go there

Don't rain on my parade, don't break my holiday
I won't let the clouds get in my way, no
Just wanna have some fun, I'm not the only one
Everything is going so good today, don't rain on my parade
Can't take my, my sunshine that ain't right
Even if they try it's just a waste of time
Can't sway me or phase me, I know it drives them crazy
Watching me having such a good time
Oh, don't bring me down
When everything is all right
Don't rain on my parade, don't break my holiday
I won't let the clouds get in my way, no
Just wanna have some fun, I'm not the only one
Everything is going so good today, don't rain on my parade
Don't rain on my, on my parade
Rain, rain, go away, hey, hey
Don't rain on my, on my parade
I'm having such a good day, don't rain on my parade
