

# Pop Juice

## Gomez

You went there until you crash here  
Then woken up to wonder where the night went  
Keep breathin' it'll come back again  
Tonight will be different, we will all be saved  
My name's Jimmy, I'm an alcoholic  
And I have been for 33 years or more  
So kill me, I will die without it  
It's like this wherever I go  
So we crashed down in BB's  
Keep quiet because the question is elaborate  
You need a lawyer, a doctor, a drink  
To keep survivin' keep me firin', oh  
My name's Jimmy, I'm an alcoholic  
And I have been for 33 years or more  
So kill me, I will die without it  
It's like this wherever I go  
I don't feel like goin' out  
I don't feel like goin' out  
Feel like goin' out  
I don't feel like goin' out  
I don't feel like goin' out  
Feel like goin' out  
My name's Jimmy, I'm an alcoholic  
And I have been for 33 years or more  
So kill me, I will die without it  
It's like this wherever I go  
My name's Jimmy, I'm an alcoholic  
And I have been for 33 years or more  
So kill me, I will die without it  
It's like this wherever I go  
Do you feel like goin' out?  
Do you feel like goin' out?  
Do you feel like goin' out?  
Do you feel like goin' out?  
Do you feel like goin' out?  
Do you feel like goin' out?
