

# How Long Blues

## Del McCoury

Long ol' train cruel engineer  
They took my baby and left me here  
And how long will I keep these lonesome blues?How long, how long  
Has that evening train been gone?  
How long, how long baby how long?Mean ol' blues come down on me  
They're all around me, they're all I see  
And how long will I keep these lonesome blues?How long, how long  
Has that evening train been gone?  
How long, how long baby how long?Cruel engineer can't you see  
I need my baby back with me?  
Then I'd be rid of these mean ol' lonesome bluesHow long, how long  
Has that evening train been gone?  
How long, how long baby how long?
