Alien Baby

Playdeaf

She's my alien baby and I love her so
She's my alien baby never let her go
She's my alien baby and she steals the show
She's my alien baby and she's ready to goShe's my alien baby and she still says so
She's my alien baby and she's ready to know
She's my alien baby, never answers no
She's my alien baby and she's ready to goThree titties all up in my face now
Big ass booty outerspace, yeah
Never mind the conventional female
Alien baby rocking my world now
(x2)She's my alien baby and she still says so
She's my alien baby and Im never gonna let her go, no
She's my alien baby and she's gonna do things to me after the show
She's my alien baby and she's ready to go, againLets goThree titties all up in my face now
Big ass booty outerspace, yeah
Never mind the conventional female
Alien baby rocking my world now
(x2)
