

# Alien Baby

## Playdeaf

She's my alien baby and I love her so  
She's my alien baby never let her go  
She's my alien baby and she steals the show  
She's my alien baby and she's ready to goShe's my alien baby and she still says so  
She's my alien baby and she's ready to know  
She's my alien baby, never answers no  
She's my alien baby and she's ready to goThree titties all up in my face now  
Big ass booty outerspace, yeah  
Never mind the conventional female  
Alien baby rocking my world now  
(x2)She's my alien baby and she still says so  
She's my alien baby and Im never gonna let her go, no  
She's my alien baby and she's gonna do things to me after the show  
She's my alien baby and she's ready to go, againLets goThree titties all up in my face now  
Big ass booty outerspace, yeah  
Never mind the conventional female  
Alien baby rocking my world now  
(x2)
