The Dead One

Insane Clown Posse

"You tried to stop me, remember?
You tried to deface your own creation
But I stopped you
Did it hurt, did you feel pain?"Guess it all began when the bullet finally struck
And I walked away harmless, it must of been good luck
Or maybe I'm dead, I'm sorry but you're dead
Maybe I outta go anywayStrange things have happened since this day accord
A can hear a cold whisper in my every word
It's telling me I'm dead, I'm sorry but you're dead
(No)
Maybe I outta go anywayI'm feeling so stiff as I walk out the house
My tongue's so dry, think it's rotting in my mouth
Oh, tell me am I dead? I'm sorry but you're dead
(It hurts)
Life goes on for someMy boys all stare at me I wonder what they think
They don't blink and my teeth keep popping out I stink
Oh, tell me am I dead? I'm sorry but you're dead
I don't wanna die, maybe I outta go if I'm deadMy soul is so heavy that it draws me to the floor
I can hear these demons knocking at my door
They're laughing at the dead
I'm sorry but you're dead
(No)I don't wanna die, if you're dead, you're dead
I don't wanna die you're dead, not yet now
I don't wanna die maybe I outta go
You're dead, I'm not goin' nowI don't wanna die, maybe I outta go
Not yet now
I don't wanna die, I'm dead
I don't wanna die you're dead, not yet
You're dead, not yetI speak
You're dead, bitch
