

Rain Dance

Jeff Lorber Fusion

Here's a little story I've got to tell you
About the time my dreams
Almost fell through
Negativity all around me had me thinking I could never make it
Always took it as a lesson to me
To only deal in reality
'Cause no one would ever wanna take a chance on me And so I fantasize and metamorphosize
(Thinking of ways that I can turn it around)
This is all that I wanna do right now
(I just can't let this feeling go)
Something's tellin' me it's now or never so
(I wanna fly)
I wanna fly and touch the sky
(fly)
I wanna be a butterfly and just
(fly)(I wanna fly, I wanna)
Spread my wings and let the wind take me so high Here's a little story I've got to tell you
About the time my dreams
Almost fell through
Negativity all around me had me thinking I could never make it
Always took it as a lesson to me
To only deal in reality
'Cause no one would ever wanna take a chance on me (I wanna fly)
I wanna fly and touch the sky
(fly)
I wanna be a butterfly and just
(fly)(I wanna fly, I wanna)
Spread my wings and let the wind take me so high
(I wanna fly)
I wanna fly and touch the sky
(fly)
I wanna be a butterfly and just
(fly)(I wanna fly, I wanna)
Spread my wings and let the wind take me so high
