

# Self Control

## Sunday Girl

sayed Mohamed " abossed Ali"  
well let me tell you girl every since the day that we met  
i never have the second guess of a single regret  
now about the way that you're making me feel  
well alright  
I see you move ,see your body groove  
no i just got cold  
baby what you're doing to me  
my body is burning in the third degree  
well alright  
you make me feel like I'm gonna lose it  
you make me feel like I'm gonna lose it  
you make me feel like I'm gonna lose all of my self control  
well alright

I'm tired of wasting time going now and chasing that  
your body so define ..got one question on my mind  
i wanna know how it feels to be mine  
yes i do  
i gotta tell you baby I've been around the world  
seeing a lot of different girls ain't nobody quite like you  
girl i think i always knew  
ohh i just can't confront the truth  
ohh yaaaaa

you make me feel like I'm gonna lose it  
you make me feel like I'm gonna lose it  
you make me feel like I'm gonna lose all of my self control  
well alright
