Balls Out

[Gabby Glaser](#)

I wanna to kill you, I wanna to make you bleed
You're gonna be my bitch
I'm gonna have you down upon your knees
I wanna kill you, you're gonna fucking die
I'm gonna kick your ass
I'm gonna lay you down and piss in your eyes

I said, "You are gonna learn to dance with death"
You are gonna feel his cold breath
You are gonna fall in love with it
You are gonna become worth shit
Yeah
