

# Lead Me On

[Lindi Ortega](#)

I know there will be pain  
When you take the reins that lead me on  
There's nothing much to gain  
When you yank the chain that leads me on Just like a sad, sorry horse  
Doing circles 'round a course  
Chasing after something I will never have  
Am I just spinning my wheels  
In this unfortunate ordeal?  
It doesn't matter where the line is drawn  
'Cause you always lead me on I'm running out of hope  
When you pull the rope that leads me on  
I'm wasting all my time  
Hanging on a line that leads me on Just like a sad, sorry horse  
Doing circles 'round a course  
Chasing after something I will never have  
Am I just spinning my wheels  
In this unfortunate ordeal?  
It doesn't matter where the line is drawn  
'Cause you always lead me on
