

# What About Me

## Clear Cut

How do you right the wrong?  
And how do you wrong the right?  
Could this be where I belong?  
Could you stay with me tonight?  
Can I be so complicated?  
That nothing else makes sense?  
Can my life be overrated?  
So I can just pretend?

So how bout you?  
How bout me?  
Can I just please close my eyes.  
Forgive myself for all my lies.  
When I'm down on you.  
You're down on me.  
I will never compromise.  
Anything bout you.  
So what about me?

Why do you feel the same as I always do?  
Do you see what he became?  
Did it break your heart in two?  
All my faith and my beliefs.  
They're half-ass best at times.

repeat chorus

And in ths world that I've conceived.  
It's hard to stand in line.
