

Perfect Love

Go Fish

Your perfect love I woke up this morning to a sunny day
Not a single cloud up in the sky
And as I look around me I can see
That it's a reflection of my life I just wanna thank You
For showing me Your perfect love I see it in the eyes of a newborn child
I'm feel it like a fire burning wild
I hear it when Your voice in my heart sings
I know it when I pray to You, my King
Your perfect love Hang tight to me when I call Your name
I know that you will be around
And if ever I should slip and fall
You'll stand me up on solid ground I'm forever grateful
For giving me Your perfect love I see it in the eyes of a newborn child
I'm feel it like a fire burning wild
I hear it when Your voice in my heart sings
I know it when I pray to You, my King
Your perfect love I just wanna thank You
For giving me Your perfect love I see it in the eyes of a newborn child
I'm feel it like a fire burning wild
I hear it when Your voice in my heart sings
I know it when I pray to You my king
Your perfect love I see it in the eyes of a newborn child
I'm feel it like a fire burning wild
I hear it when Your voice in my heart sings
I know it when I pray to You, my King
Your perfect love Woke up this morning to a sunny day
