Torn In Two

Adam Wheatley

I won't hide
What good would that do now?
You found me with my face on the groundI can't lie
Sometimes I won't do right
'Cause I'm weaker when I don't let You insideWould You remind me who I am in Your eyes?If I was torn in two
If I was torn in two
Between the way I run
And the way I need YouWould You tell me something true?
Would You tell me something true?
I want to believe
I want to follow throughSo come like a soldier
Dressed up for the war
'Cause we're going to battle all these demons
Knocking down my doorWould You remind me that You've come to fight?
There's no losing with You on my sideIf I was torn in two
If I was torn in two
Between the way I run
And the way I need YouWould You tell me something true?
Would You tell me something true?
I want to believe
I want to follow throughSave me from myself
I'll be Yours foreverIf I was torn in two
If I was torn in two
Between the way I run
And the way I need YouWould You tell me something true?
Would You tell me something true?
I want to believe
I want to follow through
