

Sex With You

King Missile

Sex with you is all I want,
Sex with you and sometimes food is all I really want,
Sex with you and sometimes food and maybe a movie or a play
Is all I really want today
Sex with you and sometimes food and maybe a movie or a play and sleep,
But not too much at all, is really all I want.
Sex, food, movie, play, sleep...
Shower, a shower with you and some shampoo would be oh so good
Sex with you and sometimes food and a movie or a play,
Some sleep, a shower and a shampoo with you is all I really want.
Really.
