## I Voted for Kodos

Advisory - the following lyrics contain explicit language:

Got introduced to you by a friend of mine  
He told me that he calls you all the time  
I called you up, I'm so glad you were there  
You told me all about your underwear  
So I call you976-8359  
I'll call you for a good time  
Night or day your always home

Dial your number, I'm spanking off on the phoneOh Vanessa, you know you fucking rule  
You never treat me bad like the girls at school  
They bring me down, you put a smile on my face  
But just like them, you never come to my place  
So I call you976-8359  
I'll call you for a good time  
Night or day your always home  
Dial your number, I'm spanking off on the phone976-8359  
I'll call you for a good time  
Night or day your always home  
I know you'll never leave me aloneYeah, yeah, Oh, no976-8359 (x4)
